Steel Construction Sustainability Charter

WIG Engineering Ltd

Has gained 26 points and achieved Silver Level

The Steel Construction Sustainability Charter (SCSC) is assessed against a number of requirements with companies submitting evidence related to its processes and management policies in line with sustainable practices. These include economic viability, social values and environmental responsibility. The objective of the SCSC is to demonstrate and raise the bar of steel as a sustainable form of construction throughout the supply chain.

To obtain the SCSC, companies must achieve a certain score and meet certain minimum requirements:

- Certificate Level requires a minimum score of eight
- Bronze Level requires a minimum score of fourteen
- Silver Level requires a minimum score of twenty-one
- Gold Level requires a minimum score of twenty-eight

Certificate Valid Until: **30/04/2027**
BCSA Membership Number: **L152**
SCSC Reference: **SCM 071**
Company Registration Number: **01232811**
