ABOUT

ABOUT

Originally established in 1975, and now headed up by Managing Director, John Sexton, WIG Engineering are design, fabrication, and structural steel construction experts with a reputation for quality and precision. Delivering projects across a variety of sectors including education, retail, commercial and residential. WIG is UKCA registered and qualified to supply their product in up to Execution Class 2 (EXC2).

Please continue for our company brochure and further information regarding qualification certification and other accreditations.

QUALITY CONTROL

Certificate of Approval

This is to certify that the Management System of:

WIG Engineering Ltd

Barnfield, Akeman Street, Chesterton, Bicester, OX26 1TE, United Kingdom

has been approved by Lloyd's Register to the following standards:

ISO 9001:2015

Approval number(s): ISO 9001 – 00005899

The scope of this approval is applicable to:

Design, manufacture and supervision of installation of structural steel within the UK.

David Derrick

Area Operations Manager UK & Ireland

Issued by: Lloyd's Register Quality Assurance Limited

001

Certificate of Conformity of Factory Production Control

This certificate is issued to:

Manufacturer: **WIG Engineering Ltd**
Barnfield, Akeman Street, Chesterton,
Bicester, Oxfordshire, OX26 1TE
United Kingdom

In compliance with *The Construction Products (Amendment etc) (EU Exit) Regulation 2020 No1359*, this certificate applies to the construction product:

Fabricated Steel Components for use in Building & Construction up to EXC 2

This certificate attests that all provisions concerning the assessment and verification of constancy of performance and the performances described in Annex ZA of the standard(s)

EN 1090-1:2009+A1:2011 Execution of Steel Structures and Aluminium structures - Part 1: Requirements for Conformity Assessment of Structural Components

under system 2+ are applied and that the factory production controls fulfil all the prescribed requirements set out above. The attached Schedule, of the same date, details the manufacturing location(s), harmonised product standard and product parameters and shall form a part of this certificate.

This Certificate will remain valid as long as the test methods and/or factory production control requirements included in the harmonised standard, used to assess the performance of the declared characteristics, do not change, and the product, and the manufacturing conditions in the plant are not modified significantly.

Certificate No: 0038/CPR/LRQ4007902/A

Original Approval: 11 April 2014

Current Certificate: 17 May 2021

Expiry Date: 10 April 2023

Conformity Assessment Body 0038

Simon J Bradley Directives Product Manager, on behalf of Lloyd's Register Verification

HEALTH AND SAFETY POLICY STATEMENT

W. I. G. Engineering Ltd aims to ensure, so far as is reasonably practicable, the health, safety and welfare of our employees while they are at work and of others who may be affected by our undertakings. This general policy statement provides a commitment and intent to comply with the Health and Safety at Work etc. Act 1974.

To ensure the principles of health and safety are clearly understood throughout the Business, we will be committed to:

- complying with relevant health and safety laws and regulations, voluntary programmes, collective agreements on health and safety and other requirements to which the Business subscribes;
- setting and monitoring of health and safety objectives for the Business;
- effective communication of and consultation on health and safety matters throughout the Business;
- assessing the risks to the safety and health of our employees and others who may be affected by our activities and implementing controls to minimise those risks;
- preventing work-related injuries, ill health, disease and incidents;
- providing and maintaining safe plant and equipment and implementing safe systems of work;
- the safe use, handling, storage and transport of articles and substances;
- providing and maintaining a safe working environment with safe access, egress and welfare facilities;
- providing the necessary training to our employees and others, including temporary employees to ensure their competence with respect to health and safety;
- providing suitable and sufficient information, instruction and supervision for employees;
- continually improving the performance of our health and safety management;
- devoting the necessary resources in the form of finance, equipment, personnel and time to ensure the health and safety of our employees and seeking expert help where the necessary skills are not available within the Business;
- an annual review and when necessary the revision of this health and safety policy;
- making this policy available to relevant interested external parties, as appropriate.

CARBON MANAGEMENT

Environmental and Sustainability Policy Statement

WIG Engineering Ltd is a specialist company which carries out the fabrication and erection of constructional steelwork. We recognise that its activities have an impact on the environment in terms of the use of raw materials, emissions to air and water, and waste generation, and seek to minimise this as far as is reasonably practicable.

WIG Engineering Ltd is committed to:

- Continual improvement in its environmental and sustainability performance,
- Preventing pollution,
- Compliance with all environmental and sustainability legislation, regulations and codes of practice relevant to the industry sector in which it operates.

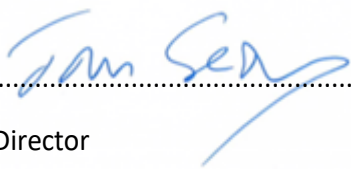

It is the policy of WIG Engineering Ltd to:

- Make efficient use of natural resources by conserving energy and water, minimising waste, and recycling where possible,
- Meet its duty of care requirements in relation to waste by ensuring the safe keeping, transportation and subsequent recovery or disposal of waste,
- Use recycled construction materials whenever these can be commercially justified,
- Keep transport use to a minimum and regularly service vehicles to maintain their efficiency,
- Work with suppliers to ensure they recognise and reduce the environmental and sustainability impact of their products and transportation.

WIG Engineering Ltd will review and update this policy on annual basis, taking account of any changes within legislation and our organisation, and other factors.

WIG Engineering Ltd will communicate this policy to all our employees and ensure that they are given appropriate training to raise awareness of environmental and sustainability issues.¹

WIG Engineering Ltd will make this policy available when requested to interested parties including members of the public.

Signed  Date 10th May 2022.....

POLICY STATEMENTS

Equality, Diversity and Inclusion Policy Statement

WIG Engineering Ltd values and actively strives to have a diverse and inclusive workforce in a working environment free from discrimination. An inclusive work culture where people of different backgrounds are valued equally will ensure better outcomes for us all.

- We continually engage with our staff as well as external partners to help us to understand how we can make our workplace more inclusive and gain an insight into what our staff need most from us.
- The Company will seek to promote the principles of equality, diversity, and inclusion in all its dealings with employees, workers, job applicants, clients, customers, suppliers, contractors, recruitment agencies and the public.
- Everyone who acts on the Company's behalf are required to adhere to this policy when undertaking their duties or when representing the Company in any other guise.
- Equality, diversity, and inclusion practice is developing constantly as social attitudes and legislation change. The Company will review all policies and implement necessary changes where these could improve equality of opportunity.

WIG Engineering Ltd will communicate this policy to all our employees and ensure they fully understand and comprehend how it will affect them.

WIG Engineering Ltd will make this policy available when requested to interested parties including members of the public.

Signed

Managing Director

Date 10th May 2022

Modern Slavery and Human Trafficking Policy

Introduction

This Modern Slavery and Human Trafficking Statement is a response to Section 54(1), Part 6 of the Modern Slavery Act 2015 and relates to actions and activities for the financial year ending 30 April 2022. WIG Engineering Ltd is committed to preventing slavery and human trafficking violations in its own operations, its supply chain, and its products. We have zero-tolerance towards slavery and require our supply chain to comply with our values.

Organizational structure

WIG Engineering Ltd operates in the United Kingdom, within the Steel Fabrication sector. The nature of our supply chains is as follows:

- We work with a number of key direct suppliers who provide us with fabrication materials, construction services and IT software.

For more information about WIG Engineering Ltd, please visit our website: www.wigsteel.co.uk.

Policies

We operate a number of internal policies to ensure that we are conducting business in an ethical and transparent manner. These include the following:

- Recruitment and selection policy - We conduct checks on all new starters to verify they are eligible to work in the UK.
- Supplier code of conduct - We operate this policy to ensure our suppliers work within full compliance with the laws, rules and regulations of the countries in which they operate, and to seek similar commitments across their own supply chain.
- Whistleblowing policy - We operate this policy so that employees are to raise concerns about how staff are being treated or practices within our business or our supply chains without fear of reprisal.
- Staff code of conduct - We are committed to the fair treatment of all our staff. Our staff code of conduct reflects our core values and expected behaviours. The code of conduct makes it clear that we have a zero-tolerance approach to modern slavery.
- Procurement policy - We want to make sure that potential suppliers are committed to ensuring that slavery and human trafficking is not taking place within our own supply chains. Our procurement policy and supporting procedures set out controls and checks undertaken to help verify this.

We make sure our suppliers are aware of our policies and adhere to the same standards.

Due Diligence

As part of our efforts to monitor and reduce the risk of slavery and human trafficking occurring in our supply chains, we have adopted the following due diligence procedures:

- Internal supplier audits.

Our due diligence procedures aim to:

- Identify and action potential risks in our business and supply chains.
- Monitor potential risks in our business and supply chains
- Reduce the risk of slavery and human trafficking occurring in our business and supply chains.
- Provide protection for whistleblowers.

Risk and compliance

The Company has evaluated the nature and extent of its exposure to the risk of slavery and human trafficking occurring in its UK supply chain through:

- Evaluating the slavery and human trafficking risks of each new supplier.

We do not consider that we operate in a high-risk environment because the majority of the supply chain is UK or European based and in low risk industries such as CAD detailing and steel manufacture. We do not tolerate slavery and human trafficking in our supply chains. Where there is evidence of failure to comply with our policies and procedures by any of our suppliers, we will require that supplier to remedy the non-compliance.

Effectiveness

The Company uses Key Performance Indicators (KPIs) to measure its effectiveness and ensure that slavery and human trafficking is not taking place in its business and supply chains. These KPIs are as follows:

- We will carry out a regular audit of suppliers - 20% of suppliers each year.
- The statement was approved by the board of directors.

Privacy Notice

Data Privacy Policy – Interested Parties

WIG Engineering Ltd is committed to protecting the privacy and security of personal information belonging to our Workforce, Customers and Suppliers. It is important to us you are confident that we collect and use personal information about you in accordance with the General Data Protection Regulation (GDPR) and data protection legislation.

Purpose

Our Privacy Notice describes our policies and procedures on the collection, use and disclosure of information from you and tells you about privacy rights and how the law protects you

Controller

WIG Engineering Ltd is a "data controller". This means that we are responsible for deciding how we hold and use personal information about you. We are required under data protection legislation to notify you of the information contained in our privacy policy.

Contact Details

We have appointed a Data Privacy Officer who is responsible for overseeing questions in relation to this privacy notice. If you have any questions about this privacy notice, including any requests to exercise your legal rights, please contact the Data Privacy Officer using the details set out below.

Data Privacy Officer

WIG Engineering Ltd
Barnfield
Akeman Street
Chesterton
Bicester
OXON
OX26 1TH
Info@wigsteel.co.uk

If you have concerns with our Privacy Policy you have the right to make a complaint at any time to the Information Commissioner's Office (ICO), the UK supervisory authority for data protection issues (www.ico.org.uk). We would, however, appreciate the chance to deal with your concerns before you approach the ICO so please contact us in the first instance.

Data collected

Our Data Inventory specifies the legal basis for collecting, holding, and processing data as stated in GDPR. The legal basis specified are;

- **Unambiguous Consent** - You will have freely given consent for us to process your data and are in-charge of your privacy by positively specifically opting-in.
- **Legal Obligation** - We will rely on this basis to process data where we need to comply with the law.
- **Legitimate Business Interest** - We will rely on this basis where we have identified a legitimate business interest, are able to prove the processing is necessary and have compared the use against the subject's rights, freedoms and interests.
- **Vital Interests** - We will rely on this basis only for the protection of life. Where we can, we will rely on a less intrusive basis to achieve the same outcome where consent could not be given.
- **Public Task** - We will use this basis to process data collected in-order to inform or protect the public.
- **Contractual necessity** - We will rely on this basis where we need to collect personal data in-order to enter or fulfil a contract.

Categories of Data

We will collect, store, and use the following categories of personal information about you:

- Identity and contact data (including name, title, address, telephone numbers, email addresses)
- Contract and Trading Information and related correspondence
- Financial and Transactional information
- Marketing Information
- Performance and Quality Information
- Other information we are required to hold on by law
- CCTV Footage from our premises

Data Processors – Third Parties

We may, on occasions, share your information with third parties for the purposes of offering you the services in question or operating the business. Where we share your information, we will take all reasonable care to ensure your data is handled in accordance with GDPR and will make due-diligence checks on the third parties in question. Some examples of the categories of third parties with whom we share your data are;

- Our IT Company
- Payment processing
- Government Agencies and Departments
- Insurance Companies
- Credit Reference Providers
- Regulatory Bodies
- Any other company to enable the performance of a contract between the parties

We will only share the information that is required in-order to carry out the service provided.

Please Note: Our website may include links to third-party websites, plug-ins, and applications. Clicking on those links or enabling those connections may allow third parties to collect or share data about you. We do not control these third-party websites and are not responsible for their privacy statements. When you leave our website, we encourage you to read the privacy notice of every website you visit.

Storage of Data

Your data may be stored electronically, in hard copy or both. We will endeavour to ensure your data;

- is accurate and suitable for the purpose for which it is processed.
- stored in a secure manner by means of encryption, password protected or in locked filing systems if in hard copy format.
- accessed only by those persons or organisations that need to know and are authorised to use your data.

Retention of Data

We will retain your personal data only for as long as is necessary to fulfil the purposes we originally collected it for, including for the purposes of satisfying any legal, accounting, or reporting requirements.

We may retain your personal data for longer in the event of a complaint or if we reasonably believe there is a prospect of litigation in respect of our relationship with you.

Right to be informed

You have the right to be informed about the collection and use of your personal data under GDPR. We have created this Privacy Notice and our Data Inventory to fulfil our obligations.

Right to Access, Rectification, Right to Erasure, Right to Object, Right to Portability

You have the right to:

- request access to, and a copy of, your personal information.
- request correction of the personal information that we hold about you.
- request that we delete your personal information.
- object to processing of your personal information where we are relying on a legitimate interest (or those of a third party) and there is something about your particular situation which makes you want to object to processing on this ground.
- you also have the right to object where we are processing your personal information for direct marketing purposes.
- Request portability of your personal information.

If you believe we have not complied with your rights, you can complain to the Information Commissioner.

Breaches of GDPR

We have put in place appropriate security measures to prevent your personal data from being accidentally lost, used, or accessed in an unauthorised way, altered or disclosed. We will record all data breaches regardless of their effect.

If we discover that there has been a breach of GDPR we will take the steps in accordance with legislation

Policy Maintenance

This Notice is available on our website www.wigsteel.co.uk and reviewed regularly.
